

Joining Mirabaud, means entering an entrepreneurial and innovative environment. With the 7th generation of the Mirabaud family working within the bank, the culture is that of a family business. With over 750 employees based in 10 countries worldwide, Mirabaud offers opportunities to develop one's career across an international network of 16 offices.

Mirabaud is proud to announce the launching of the largest project since its foundation in 1819, pushing ahead its highly regarded entrepreneurial and passionate team to the next level of client servicing thanks to the adoption of enhanced digital front and back-office capabilities.

To support this ambitious digital transformation and migration to the cloud, our Data Hub, Reporting & MIS team is looking to add:

Business Intelligence Specialist

Missions:

Your mission will be to implement, together with your team, a central piece of Mirabaud's digital evolution: **our BI solution (Power BI) on Azure**. This solution will provide all our internal users with strategic and innovative reports based on quality data and models.

A day in your future job:

- Participate in the project to overhaul the current banking system towards a new banking platform
- Collect and document the needs identified from MIS report "clients"
- Participate in the implementation of the bank's new MIS solution on Microsoft Azure with PowerBI ecosystem (PBI, DAX)
- Identify and communicate to the Data Hub team the data requirements identified for the reports
- Execution and monitoring of data processing and reporting related to the activity of the Wealth Management
- Respect the instructions and standards in place, design, perform and execute unit tests
- Organize and deliver trainings to the Application support team members

Your assets to succeed:

- Minimum 5 years of experience in a Data / BI position
- Degree in computer engineering or related field;
- MIS / Data Warehouse expert **with experience within the Banking Wealth Management sector;**
- Very good knowledge of Power BI and Synapse Data Flows;
- Knowledge of PureView, an asset
- Fluent in French and good command of English;
- Creative, problem solver and team player with great adaptability skills.

Jump on the boat!

- Family-friendly and dynamic environment;
- Direct impact on the business, no matter your position or seniority;
- Work in an environment that encourages autonomy and entrepreneurship;
- Flexible working arrangements to help you achieve a better work-life balance;
- Variety of cultural and sporting activities during your free time;
- Inclusion and equal treatment;
- Various employee benefits & family friendly benefits.
