

IMPORTANT LEGAL AND REGULATORY INFORMATION

The following important information is brought to your attention in respect of communications to you from Mirabaud UK Limited and/or its regulated associated companies, Mirabaud Securities LLP, Mirabaud Asset Management Limited; Mirabaud Unit Trust Managers Limited and Mirabaud (Asia) Limited, (hereinafter referred to as "Mirabaud")

GENERAL EMAILS & INSTANT MESSAGING

E-mails & instant messages may contain confidential information and as such, should be treated as confidential. They may also contain legally privileged information. They are intended solely for use by the normal or ordinary user of the e-mail or instant message address(es) to which the email or instant message has been addressed. If you are not the named addressee you must not disseminate, distribute, amend, copy or otherwise act on the contents, including any attachments, of the e-mail or instant message. Please notify the sender immediately by e-mail if you have received an e-mail or instant message by mistake and immediately delete the e-mail or instant message from your system. You may also be asked to confirm that the e-mail or instant message received in error has been deleted from your system and/or that you have not made any unauthorised use, disclosure, distribution or copying of the e-mail or instant message.

Unless otherwise specifically indicated, the contents of e-mails, instant messages and attachments, if any, are for informational purposes only. Neither the information nor the opinions expressed in the email, instant messages and attachments, if any, constitutes or intends to be an offer, or a solicitation of an offer, to buy or sell relevant securities (i.e. securities mentioned herein and options, warrants, or rights to or interests in any such securities), act as an official confirmation of any transaction, or act as an official statement of Mirabaud. E-mails, instant messages and attachments, if any, may not be reproduced, distributed or published by you for any purpose except with Mirabaud's express written permission. The information on which the communication is based has been obtained from sources we believe to be reliable, but we do not guarantee its accuracy or completeness. All expressions of opinion are subject to change without notice.

E-mail or instant message transmissions cannot be guaranteed to be secure or error-free as the email or instant message could be intercepted, corrupted, lost, destroyed, arrive late or incomplete, or contain viruses. The sender therefore does not accept any liability whatsoever for any errors or omissions in the contents of the email or instant message or that arises from any data corruption, interception or unauthorised amendment, whether or not these arise as a result of the e-mail or instant message transmission.

IMPORTANT INFORMATION REGARDING INVESTMENTS

In respect of any advice and/or recommendation that may be made in respect of investments and/or investment transactions, whether such advice is verbal or written, the following matters are brought to your attention:

The value of investments and any income from them may fall as well as rise. Past performance is not a reliable indicator of future results and investors may not get back the full amount invested. No indication or guarantee, whether express or implied, is made in respect of future performance. In the case of investments likely to yield a high income, the income from such investments may fluctuate in value in money terms. Where an investment involves exposure to a foreign currency, then the value of that investment may rise or fall as a result of a change in the rates of exchange. In the case of higher volatility investments, any loss on realisation may be very high (including total loss of investment), as

the value of such an investment may fall suddenly and substantially. Where an investment involves exposure to warrants, investors should be aware that a warrant often involves a high degree of gearing so that a relatively small movement in the price of the security, to which the warrant relates, may result in a disproportionately large movement, unfavourable as well as favourable, in the price of the warrant. Where an investment is made in investments that are not readily realisable, it may be difficult for the investor to deal in that investment or to obtain reliable information about its value or the extent of the risks to which it is exposed. Mirabaud, including any associated company, or their employees and officers may have a holding (long or short) in an investment that it knows will be the subject of or included in any advice and/or recommendation, whether verbal or written and made to Mirabaud's clients or potential clients. Mirabaud does not advise on the tax consequences of investments and as such, you should seek independent professional tax advice.
