

Mirabaud is an international banking group that provides a clientele of private and institutional investors, companies and finance professionals with highly customised investment, private banking and asset management services.

Based in Geneva, Mirabaud has evolved steadily over the years and now employs over 700 staff who, through their experience and expertise, perpetuate the entrepreneurial spirit that has guided the bank since its foundation in 1819. The Group now conducts its **Wealth Management, Asset Management and Securities** businesses in the main financial centres around the globe and has offices in Switzerland, the UK, Luxembourg, France, Spain, Italy, Canada, the United Arab Emirates and Brazil.

Our Global Thematic & Strategy team within Mirabaud Securities Limited is looking to add:

## EQUITY ANALYST

### Primary functions:

- Generalist Equity Analyst: work alongside Global Thematic and Strategy Team within a team of 5 people, working on producing substantive research notes;
- Undertake and provide substantive research/analysis around investment ideas within Global Thematic and Strategy Team. This output may take the form of research/analysis papers/notes/financial models around thematic topics, macroeconomic developments and/or particular events;
- Ensure that the research/analysis product demonstrates original thought and where possible/appropriate is well-differentiated;
- To manage and co-ordinate the analysis of GTS client revenues on an ongoing basis;
- Where possible, develop new client relationships to grow secondary business by ensuring that potential clients are introduced to Sales (who are responsible for account management) and, where possible, by arranging calls and meetings with client prospects involving representatives of research and execution teams as appropriate;
- Undertake any other duties which may be required or requested consistent with this role;
- To assist the secondary brokerage Executive Director with any ad-hoc requests and projects;
- Ensure that you meet the objectives that have been set for you by the business and your Report and, except in exceptional circumstances and as communicated to your Report, attend meetings and/or presentations both internally and externally that you have been asked to attend;;
- Where relevant, achieve targets set by management and your Report. Ensure you liaise directly with your Report or management in a timely manner if you believe that you will not achieve your targets outlining your reasons why and demonstrating how you plan to achieve your targets in the following period

### Qualifications :

- Perform fundamental analysis, including financial modelling, across a variety of global companies and sectors with a particular focus on Global TMT;
- Ability to analyse companies in different industries;
- Strong quantitative / modelling skills
- Advanced Excel skills
- Previous experience with Bloomberg;
- 2/3 years' experience within financial services / asset management background is preferred

Additionally:

- Command of normal analytic methods employed in specialist market sectors covered;
- Ability to digest, interpret, re-formulate and express financial information in the form of dispassionate and reasoned argument;
- Ability to work under pressure;
- Collaborative team approach
