

Mirabaud is an international banking group that provides a clientele of private and institutional investors, companies and finance professionals with highly customised investment, private banking and asset management services.

Headquartered in Geneva, Mirabaud has evolved steadily over the years and now employs over 700 staff who, through their experience and expertise, perpetuate the entrepreneurial spirit that has guided the bank since its foundation in 1819. The Group now conducts its **Wealth Management, Asset Management and Securities** businesses in the main financial centres around the globe and has offices in Switzerland, the UK, Luxembourg, France, Spain, Italy, Canada, the United Arab Emirates and Brazil.

Our Fixed Income team within Mirabaud Asset Management Limited ("MAM") is looking to add a new member with the title of:

SENIOR CREDIT ANALYST, FIXED INCOME

Location: London

Summary:

The Fixed Income team consists of 7 people (4 PMs and 3 analysts) based in London. The structure is flat, with a fully integrated process across all fixed income asset classes that the team is involved in. They currently have approximately \$1.5bn across funds and mandates and manage 5 key products: Strategic Bond, High Yield, Short Duration, Emerging Markets and Multi Asset Credit. The funds are managed as total return funds, so adding value through accurate and thorough credit analysis is vital.

Primary functions:

The successful candidate will be required to provide credit analysis and trade ideas on a range of sectors from investment grade, Emerging Markets and High Yield. All the funds are global in orientation.

Key areas include:

- Credit Analysis and trade recommendations of bonds to add alpha to portfolios
- Development, refinement and maintaining of complex financial models;
- Responsibilities also cover investment grade developed markets through to High Yield and Emerging Markets credit work;
- The candidate (if appropriate) will also have client facing responsibilities, input into the top down meetings and ESG framework.

Qualifications, Experience & Knowledge:

Experience & Knowledge

- Approximately 8 years career experience as Analyst;
- Strong financial modelling skills and ability to develop, refine and maintain complex financial models;
- Ability to analyse companies across investment grade, high yield and emerging markets;
- Ability to clearly communicate investment recommendations;
- Strong team player able to actively collaborate within the Fixed Income team and with other teams within MAM;
- Client facing responsibilities if appropriate;
- Fluent in English, other language skills would be an advantage;
- Other asset class experience (structured products, loans, distressed) would an advantage but not vital.

Qualifications

- Educated to degree level or equivalent experience;
- CFA or equivalent qualification.

Other Personal Attributes Required

- Ability to work under pressure;
- Good presentation skills;
- Strong communication and interpersonal skills;
- Honesty and Integrity;
- Open and adaptable to change;
- Collaborative team approach;
- Attention to Detail and accuracy;
- Financial Soundness.
