- Ensure the development and implementation of controls;
- Monitor the business activities in line with the DFSA rules;
- Define limits for financial counterparties and monitor compliance;
- Valuation of portfolios (LTV) for Lombard loans;
- Controlling market operations, monitoring limits and margin calls for derivatives operations;
- Ensure the reporting of CFTC and exchange limits;
- Contribute to the development of risk analysis and monitoring tools (Bank and Group);
- Participate in 2nd level controls for regulatory reporting (FP, LE, AR);
- Conduct due diligence relating to the client on-boarding process;
- Improve existing tools and processes;
- Promote the risk culture within the bank;
- Assist with compliance tasks as required;
- Any other duties required consistent with your role.

### Candidate's Profile:

- Degree in Economics or Finance or equivalent;
- A minimum of 3 years' experience within a similar role in the banking sector;
- Very good knowledge of DFSA regulations;
- Very good knowledge of derivatives operations and margining;
- Fluent in French and English, knowledge of another language is an asset;
- Good interpersonal skills, ability to listen and customer oriented;
- Accurate, methodical, rigorous and quick;
- Resistance to stress.
